	04.05.2007	10.05.2007		
GM	<p>KEINE Aussagen zu ihrem Tagesablauf am 03.05.2007!</p>	<p>Back to Thursday, after breakfast, about 09.00 h, KATE and the children left by the back door, the deponent having left by the front door, which he locked with the key, having also closed and locked the back door from the inside.</p> <p>They made their way on foot down the usual route to the crèche next to the TAPAS, where they left the twins, and, while KATE stayed to play tennis, the deponent took Maddie to her crèche, through the short-cut, where they arrived at 09.15 h, and , since it was obligatory, he signed the child's attendance register. On returning, not by the short-cut, he went to the "BATISTA" supermarket where he bought milk, he presumes, making his way to his apartment, entering through the front door, which was locked by key, at around 09.40 h / 09.45 h.</p> <p>He remained at home for about 15 minutes, putting on tennis clothes, left by the front door, that he did not lock, and made his way to the tennis</p>		

		<p>courts down the usual route, they being next to the TAPAS. He played tennis for an hour with the instructor and other students, among whom was an individual he had met during this holiday, called "JEZ", and with whom he had established not quite a friendship, but rather a simple acquaintance. "JEZ" has two small children whose exact age he does not know. As to his wife, he had seen her next to the pool but had never spoken with her.</p> <p>The tennis class finished at 11.15 h, he stayed in the pool area talking with his wife and other people, whom he does not remember. At 12.00 h, he agreed with KATE, as he recalls it, that she would make lunch and the deponent would pick up Maddie. He thinks that it was KATE who took the twins home. Since it was he who went to collect Maddie, he is sure he used the short-cut.</p> <p>At 12.30 h they started lunch, the meal having lasted an hour, until 13.30 h. After that time they made their way to the resort play area, the deponent having left through the front door and the rest of the</p>		
--	--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

family through the back door that, once again, he shut and locked from the inside. As for the front door, he does not know exactly if he locked it.

They stayed in the play area for approximately an hour, until 14.30 h / 14.35 h. After that, they left the twins at the crèche near the TAPAS, they signed the register, and the three of them (deponent, KATE and Maddie) made their way to the crèche at the main reception, where they arrived at 14.50 h and delivered Maddie, not being able to say precisely who signed the register.

The deponent and KATE returned to the OCEAN CLUB by the short-cut and at the secondary reception they asked the lady employee if there was a vacant tennis court they could reserve. They were told there was a vacancy between 14.30 h and 15.30 h. As it was already 15.00 h, they began to play immediately. At 15.30 h, the tennis instructor arrived, who taught them a class until 16.30 h.

They stayed there, talking,

until 16.45 h, at which time the twins went to the meal area. At 17.00 h, as usual, Maddie arrived accompanied by the nannies and the other children. After her arrival, Maddie dined, having finished at 17.30 h.

After 17.30 h they went to the apartment, the deponent having entered by the main door, which he did not lock while he was inside the residence. KATE and the children entered by the back door, after this had been opened from the inside by the deponent.

They bathed the children, **the deponent having left at 18.00 h for a tennis game only for men,** which was attended by: DAN, the tennis instructor; JULIAN, with whom he had played tennis several times; and CURTIS, with whom he had also played before.

During the afternoon of that day, the rest of the group, including the children, were at the beach, having returned at 18.30 h, the time at which he saw DAVID PAYNE next to the tennis court. DAVID went to visit KATE and the

		<p>children and returned close to 19.00 h, trying to convince the deponent to continue to play tennis, which he refused, as he had already been plying for about an hour and had to go back to his wife. Nevertheless, RUSSEL, DAVID and MATHEW stayed to play.</p> <p>At around 19.00 h, he made his way to the apartment, finding KATE and the children playing on the sofa. About 10 to 15 minutes later, they took the children to the bedroom and they all sat on Maddie bed to read a story. At 19.30 h, the twins were already in their respective cots and Maddie in the bed next to the bedroom door. He does not know if they were asleep but from the silence he presumed that they were. As it was still early he took a bath, he thinks that KATE had already done so, they talked a little and drank wine or beer.</p> <p>At 20.35 h, they left the apartment towards the "TAPAS". Before they left, and because the children's bedroom door was ajar as always, he opened it a little more, listening from the outside and, as there</p>		
--	--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

		<p>was complete silence, he did not even enter, returning the door to its previous position, with a space of about 10cm.</p> <p>He is certain that, before leaving home, the children's bedroom was totally dark, with the window closed, but he does not know it was locked, the shutters closed but with some slats open, and the curtains also drawn closed. Asked, he mentions that during the night the artificial light coming in from the outside is very weak, therefore, without a light being lit in the living room or in the kitchen, the visibility inside the bedroom is much reduced. Despite what he said in his previous statements, he states now and with certainty, that he left with KATE through the back door which he consequently closed but did not lock, given that that is only possible from the inside. Concerning the front door, although he is certain that it was closed, it is unlikely that it was locked, because they left through the back door.</p> <p>They took the usual route to the "TAPAS", where they arrived a little after 20.35 h, not having</p>

		<p>passed on the route anyone known nor detected anything abnormal. Asked, he said that the dinner bookings were made since Monday, it was already the intention of the group to take their meals there. They were the first of the group to arrive, seating themselves at the biggest table, as usual, which is located in the middle between other tables, under an awning with a transparent plastic surface at the front. He mentions that they were seated at the table, in a position that allowed the deponent to see almost the entire back door of his apartment, through which they left and entered and which gave access to the living room.</p> <p>He adds that, among other people whom he does not recall, at one of the small tables was the CARPENTER couple, whom he also met playing tennis and with whom they spoke until the other group members began to arrive. He does not recall the order of arrival but he has the idea that MATHEW and RACHEL were the first to arrive after the deponent. As time went by, the</p>

		2000, when an unknown man entered the hospital where he worked, making incoherent threats without justification and calling out his name.		
KM	KEINE Aussagen zu ihrem Tagesablauf am 03.05.2007!			
DP				
FP	<p>Sie (FP + DP + DW) gingen ca. 15.45 h mit den Kindern zum Strand, wo sie bis ca. 18.15 h blieben.</p> <p>Dann gingen sie in Richtung Tennisplatz, wo sie bis ca. 19.00 h blieben.</p> <p>Direkt anschließend gingen RO + DW mit den Kindern zurück ins Apartment, wo ca. 10 Minuten später auch DP erschien.</p> <p>Während DP + DW die Kinder badeten, joggte FP bis ca. 20.00 h am Strand.</p> <p>Auch FP erwähnt nicht, dass alle (außer den McCann's) zwischen 17.31 h und 18.36 h im Paraiso Restaurant (am Strand) waren.</p> <p>Auch keine Erwähnung, ob, wann oder wo FP die McCann's (GMC / KMC) oder deren Kinder an diesem Tag gesehen hat.</p>			
MO	Er berichtete wie RO lediglich über die übliche tägliche Routine, aber nicht explizit über den Ablauf am 03.05.2007.	MO will KMC + die Kinder (?) gegen 18.00 h bei GMC am Tennisplatz gesehen haben –		

Erst am 10.05.2007 erzählte auch MO Details über den Tagesablauf am 03.05.2007 (einiges in dieser Aussage ist seehr interessant)
<http://www.mccannfiles.com/id261.html>

das stimmt jedoch absolut nicht mit der Aussage von GMC zu dieser Zeit überein !

MO sagte, er machte gegen 21.05 h „auf eigene Initiative“ den *Hörtest* am McCann Fenster sowie dem eigenen und dem von ROB.

Asked if there was some agreement about checking all the children of the group he says that it was common practice for one member of each couple to stand up each 15 minutes with the objective to go to check their own child(ren).

Questioned about his motives for such a check, going against the prevailing/established procedure, or – why would two people have gone to check the three apartments (in this case the witness and Russell going to check their own apartments and that of Gerald), the deponent explained that both [men] had suggested that Kate remain in the restaurant [they] assuming the responsibility of verifying the children.

Nonetheless, and the question asked, he relates not being able to state exactly if the suggestion

		<p>was made by himself or by Russell, adding not being able to clarify why it was done, but, in the case of it having been he to make such a suggestion, it would have been due to, having spent days on holiday together, [there already being] a very close friendship with the couple [allowing him] to enter their apartment.</p> <p>The question asked, he was sure that, at the time of his first being in the vicinity of Madeleine's bedroom, reported as 21.05 h in the course of which he had approached the window of that bedroom from the outside for the purpose of an auditory check, the blinds were, in his view, fully closed.</p> <p>Consequently, he is convinced that at the time of the second check the blinds were more open than on the first check, given that he considers that the light inside the bedroom, undoubtedly coming from the outside, could not have been coming through it [the blinds] if they had been fully closed.</p> <p><u>Interessant:</u> Man fragte MO auch, ob es Veränderungen in</p>		
--	--	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

		<p>seinem Schlafmuster gegeben habe – Er könne sich weder an Schlaflosigkeit noch extremen Tiefschlaf erinnern...</p> <p>Asked about the drinking of alcoholic beverages by the group members the deponent admits that all the members did (including himself), admitting further that they did in quantities unusually high [for them] by virtue of them fully enjoying the holidays.</p> <p>Nevertheless he relates that despite what is reported in the preceding paragraph it did not remove any of their cognitive faculties, adding, by way of example, that they could possibly consume about six bottles of wine.</p> <p>With respect to the other group members, he knows only that Jane had been here previously on various occasions, he thinks for professional reasons, adding further that she had also visited together with Russell.</p> <p>Kein Wunder, dass Amaral misstrauisch wurde, bei diesen ganzen Ungereimtheiten und</p>		
--	--	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

		Änderungen !!!		
RO	<p>Nachdem sie ihre Tochter (wie jeden Morgen) in den Kids Club gebracht hatte, spielte sie von ca. 11.00 h – 12.00 h Tennis (mit wem ?).</p> <p>Danach holte sie ihre Tochter Grace ab und bereitete dieser das Mittagessen.</p> <p>Anschließend gingen sie ins Apartment von ROB oder DP (ist sich nicht sicher), wo alle zusammen zu Mittag aßen.</p> <p>GMC + KMC aßen gemeinsam mit den Kindern in ihrem Apartment zu Mittag. Einmal aßen die McCann's am Strand zu Mittag (?).</p> <p>RO scheint nicht explizit über den Ablauf am 03.05.2007 berichtet zu haben, sondern gab vielmehr Informationen über die übliche tägliche Routine.</p>			
JT	<p>Sie spielte von ca. 09.00 – 10.00 h Tennis mit KMC + DW.</p> <p>ROB brachte Ella zum Kids Club – Evie fühlte sich nicht wohl, ging nicht ins Kids Club-Zimmer, sondern kam zusammen mit ROB zum Tennisplatz.</p> <p>JT weiß nicht, wo die McCann Kinder gefrühstückt haben, <u>sie glaubt</u>, GMC brachte Maddie, Sean + Amelie morgens in ihre Kids-Clubs</p>			

<p>Nach dem Tennis (ca. 10.00 h) gingen JT + ROB + Ella an den Strand bis 12.20 h. Danach holten <u>sie</u> (JT + ROB) Ella vom Kids Club ab.</p> <p>JT weiß nicht, was Kate nach dem Tennis zwischen 10.10 h + 11.10 h tat. JT erinnert sich nicht, ob Maddie im Kids Club war, als <u>sie</u> (JT) Ella abholte.</p> <p>Nachdem sie (JT + ROB) ihre Kinder abgeholt hatten, gingen sie zusammen mit ihnen zurück ins Apartment.</p> <p>MO + RO erschienen ebenfalls mit ihrer Tochter und man nahm gemeinsam von ca. 12.45 h – 13.45 h das Mittagessen ein.</p> <p>Danach, etwa um 14.00 h, spielte JT Tennis mit RO.</p> <p>Die Tanner-Kinder sowie RO's Tochter blieben mit ihren Vätern im Tanner-Apartment.</p> <p>Während sie mit RO Tennis spielte, sah JT, dass KMC + GMC mit ihren 3 Kindern zum Kinderspielplatz kamen – Kate winkte JT zu. Die McCann's blieben auf dem Spielplatz bis ca. 14.40 h, brachten danach die Kinder zum Kids Club (??).</p> <p>Nach dem Tennis, ca. 14.45 h, ging JT zurück in ihr Apartment, wo sie mit Tochter Evie blieb.</p> <p>ROB ging mit MO segeln.</p>			
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--	--

Ca. 15.45 h gingen JT + Tochter Evie + RO + DW + FP + Lily + Scarlett Payne zum Strand.

Auf dem Weg zum Strand (ca. 15.45 h) sah JT GMC + KMC, die eine private Tennisstunde hatten – die McCann Kinder sah JT nicht.

ROB war in der Zwischenzeit zurück vom Bootsausflug und holte Ella aus dem Kids Club. Beide kamen dann ebenfalls zum Strand, wo man bis 18.10 h / 18.15 h blieb.

Gegen 17.15 h sah JT KMC am Strand entlang joggen und winken.

ROB + MO + DP verließen den Strand ein wenig früher, weil sie Herren-Tennis-Abend hatten.

Ca. 18.20 h kehrten JT + RO + FP + DW (inkl. Kinder) vom Strand zurück, kamen am Tennisplatz vorbei und sahen dort ROB + MO + DP + GMC. Man unterhielt sich ca. 20 Minuten lang – GMC verhielt sich völlig normal.

JT glaubt, Kate war zu dieser Zeit in ihrem Apartment und brachte die Kinder zu Bett.

Gegen 19.00 h gingen alle mit ihren Kindern in ihre Apartments.

Keine Erwähnung von JT, dass alle (außer den McCann's) **zwischen 17.31 h und 18.36 h** im Paraiso Restaurant (am Strand) waren.

	<p>The deponent was in Portugal three time before. The first was some eight years ago and the the second five years ago, both with her husband in Albufeira and both were holidays. The third time in January 2004 was for work near Vilamoura. She came to organise an event for the company where she worked, "Fisher Sientific" in Leicester.</p> <p>It is normal (culturally, traditionally, education/examples seen) [for] English tourists to leave, for some time, their small children alone in the bedroom/apartment to sleep while the parents are absent, normally guaranteeing that it is done for short periods of time (15/30 minutes). At those times there is a sporadic check, in time, of the places where the children are.</p> <p>Interessant auch ihre weiteren Angaben in der Aussage vom 10.05.2007 http://www.mccannfiles.com/id261.html#tap2</p>			
ROB	<p>Er bestätigte vollständig die Aussagen von JT + RO. Seit wann ist es üblich, dass Zeugen erfahren, was andere Zeugen ausgesagt haben ???</p> <p>ROB erwähnt, dass bis zum 03.05.2007 fiel ihm nichts Verdächtiges oder Seltsames rund um die Tapas9 und deren Kinder auf. Alles schien normal – vom Reinigungspersonal, über den Gärtner bis hin zum Rest der OC MA. Er habe in PdL NIE etwas Seltsames bemerkt, auch keine Menschen, die seinen</p>			

	<p>Verdacht erregten. WARUM machte ROB DIESE Aussagen ???</p> <p>Tochter Evie fühlte sich am 03.05.2007 krank, deshalb brachte er nur Tochter Ella gegen 10.00 h (nach dem Frühstück) in den Kids Club.</p> <p>Zum Rest des Tages bestätigte er vollständig die Aussagen von JT.</p>			
DW	<p>Sie ging mit DP + FP + den Kindern von ca. 15.45 h – ca. 18.45 h zum Strand.</p> <p>Anschließend gingen sie zum Tennisplatz, wo sie bis ca. 19.00 h blieben.</p> <p>Anschließend ging DW mit Scarlett zurück ins Apartment, wohin ca. 10 Minuten später auch DP folgte.</p> <p>Auch DW erwähnt weder, dass alle (außer den McCann's) zwischen 17.31 h und 18.36 h im Paraiso Restaurant (am Strand) waren, noch ob, wann oder wo sie die McCann's (GMC / KMC oder deren Kinder) an diesem Tag gesehen hat.</p>
