INTRODUCTION:

The moment of truth has arrived and it is up to us as Knowledge Seekers to make sure this technology is finally released to the public, and not stopped again by the Belgium's who do their dirty work hidden in the shadows, in the background. We have the power within us, we are not the sheep, that they have tried to make us believe we are. Through the power of our sincere intention to create peace on this planet and stop the killing, we can join all the Knowledge Seeker's soul's together from the entire planet to create a dome of protection around the Linz Center and Mr. Keshe. Let us start now and keep it continuously to build up the field strength of our love, to elevate the enemies of the Foundation and humanity.

Please share this post everywhere, and without fear, we keep the joy of serving in our hearts and souls.

Summary:

During the Friday night Brazilian teaching Mr. Keshe revealed, that in the next few days, and especially on Monday 6th June, 2022, the day of the launch of the new Flight Enhancement Unit, that we would see another attack on the KF from the Belgium's.

We'll see them appear right in front of the Linz Exhibition Center, and they'll try to create every problem to stop this new technology from being released. Especially because it's being developed by an Iranian, who is supposed to be a Moslem, and the lady who was kicked out a couple years ago, is the Christian trying to stop him.

We'll put videos right across the doors of the KF flight room, so all of you can see them. The Belgium's haven't stopped (trying to take over and destroy the KF). Those who murdered Fabio, those who killed me, you'll see them again at the front of the door of Linz. We know because we've seen the instruction coming through to them to start the attack.

The structure is set now to stigmatize the (world against) the Arabs and the Moslems, and especially Iran. This also fits with the KF, because it is run by an Iranian. You will see it for yourself. It's the same way they stopped us from showing the flying car, and the way they planned our murders. Now they will stop the flight simulation on Monday, June 6th 2022. We have seen, that they have already moved into Austria.

A lot of you Brazilians supported them, which is a big shame for the KF. You fell into the trap of their work.

We have been informed, that they are planning to create a confusion at the opening of the Linz Center on Monday. They will have their own people pretending to be the Austrian police, with the intent on assassinating me. Their agents are already here. We again saw the same Belgium team, has moved into Linz in past few days, to organize my assassination. They have created a discussion about preventing the Flight System trials from going ahead. They plan to create mayhem at the Linz center, then during the fighting and confusion they will assassinate me.

Now we open this information up to you, to let them know, that we know what they are up to. Because we know they are listening.

You will see the lady, who you've seen before along side of me. And on Monday you will see the same picture, the same face. the same face who organized the assassination of Fabio. Now we know, that they have planned my assassination in the next few days. You have to realize they don't live in Austria. So there is no reason for them to suddenly appear, 48 hours before the opening of the new flight enhancement system, (and thus the release of the new technology to the public.)

If anything happens during the opening, or on the following days, it's all been preplanned. It's been again planned by the same people who assassinated Fabio. But this time we are warning you (as KS) in advance for you to know. Because a lot of people in Brazil are supporting the assassination and the people who are now planning to carry it out.

Those of you who have been in the KF a long time will remember, that the day before we decided to show the flying car in Eindhoven, they came to stop us, and they thought they could do.

You will see them again out of nowhere, they will appear in Linz, the way they did 2 years ago, when we opened the first exhibition center in Linz. Now they are back again to do the same thing. To stop this new technology from being shown.

We have evidence that they were aware, and had a hand in both mine and Fabio's assassination. They actually were part of the plan. We don't make accusations, we have solid proof. Now they have planned the same thing for Monday, to interrupt the opening of the FEU, so that it does not go through, (and preventing the release to the public of the new technology). They plan to create a mayhem, like a struggle, and accidentally a bullet is supposed to go into my heart or my head, one of the two. Don't forget, the same people bombed my car a year before we left Belgium. Now we'll see. They are listening today, and now they know that we know exactly, what they are up to.
