3. Narrative

On 11/13/2022, at approximately 1156 hours, I responded to an unconscious subject at 1122 King Road in Moscow, Idaho. Upon my arrival, I found a large gathering of people in the parking lot immediately north of the 1122 King Road residence. 1122 King Road is a white, three story, single family residence with multiple bedrooms. The "1122" designation is located directly above the front door, facing north. I was directed to a bedroom on the second floor by H [REDACTED] J [REDACTED] in the northwest corner, to locate the unresponsive female.

Upon entering the room, I observed a female laying supine on the floor, next to a bed. According to D [REDACTED] M [REDACTED], this female was likely Kaylee J. Goncalves. D [REDACTED] also lived at 1122 King Rd. I observed dried blood surrounding Kaylee's body and signs of cutting trauma to her face. Kaylee was covered in so much blood, I wasn't able to immediately discern where any additional injuries would have likely been. Kaylee was apparently deceased due to her pale skin color, rigid body tone and apparent blood loss.

On the bed, in the same room I observed Kaylee, I observed a male lying supine on the bed. According to D [REDACTED], the male was likely Ethan J. Chapin. D [REDACTED] said Ethan was commonly at the residence. I observed blood covering portions of Ethan's legs, surrounding his body into the bed sheets, and drops of blood on the wall near Ethan's head. As I backed out of this room, H [REDACTED] showed me a kitchen knife and said he had it in his possession. I told H [REDACTED] to leave the knife and go back down the stairs to the front entrance.

Ofc. Warner and I moved to visually clear the residence for any suspects or

additional victims. On the third floor, Ofc. Warner and I found two additional apparently deceased females, both laying supine in a bed. This bedroom was on the southwest corner of the third floor. According to D [REDACTED], these two females were likely Xana A. Kernodle and Madison M. Mogen. One female showed an apparent traumatic injury to her face due to the basic facial structure being unrecognizable. Both females showed very pale skin. Both females were covered in dried blood and apparently deceased. After the residence was deemed safe, Ofc. Warner and I exited the residence to secure it and the immediate area, to include the parking lot immediately to the north of the residence.

I walked outside and began interviewing D [REDACTED]. D [REDACTED] told me at approximately 0400 hours she heard a voice scream and believed it to be Kaylee's. D [REDACTED] said she heard Kaylee scream and announce there was "somebody" inside the residence. D [REDACTED] said she could hear Kaylee run from the third floor, down the stairs to the second floor, into the northwest bedroom. D [REDACTED] said she locked herself in her bedroom and continued to hear a commotion. D [REDACTED] said eventually she stopped hearing a struggle and heard a male voice say, "you're gonna be fine. I'm gonna help you." D [REDACTED] said she did not recognize the male's voice. D [REDACTED] said after a few minutes, she peeked out of her bedroom and observed a male described as approximately 6-feet tall, slim build, with a black ski mask leave the second-floor patio area. This patio door was likely left open as it was found open upon my arrival.

I interviewed an additional roommate, B [REDACTED] F [REDACTED], who told me she was at the residence during the commotion. B [REDACTED] said she was on the second floor, in the living room, watching Vampire Diaries with D [REDACTED], and an unidentified person named I [REDACTED]. B [REDACTED] said at approximately 0200 hours on 11/13/2022, Madison and Kaylee came home from a night out at the Corner Club bar, located at [REDACTED] in Moscow, Idaho. B [REDACTED] said she also believed Madison and Kaylee went to the Grub Wandering Kitchen truck that was commonly located in the 300 Block of South Main Street. B [REDACTED] said she and Madison let Madison's dog out, "Murphy," sometime between 0200 hours and 0230 hours. B [REDACTED] said during this time she observed no suspicious activity. B [REDACTED] said she returned inside while Madison was still outside with Murphy. B [REDACTED] said she went to bed around 0230 hours. B [REDACTED] said Madison came into her bedroom sometime after 0230 hours to ask if she knew where Murphy was. B [REDACTED] said she told Madison no and Madison left. B [REDACTED] said she woke up in her bedroom, which was located on the first floor, to a sound she described as a firecracker and a flash. B [REDACTED] said she initially thought the sound was a prank.

According to B [REDACTED] phone log she showed me, B [REDACTED] called Xana at 0421 hours, Ethan at 0422 hours, Madison at 0422 hours, Madison again at 0430 hours, and then Kaylee at 0431 hours. B [REDACTED] said she never received an answer on each phone call. B [REDACTED] said she went back to sleep and woke up around 1156 hours, when 911 was called.

Initially, I was told Kaylee was likely located on the second floor bedroom, with Ethan. After comparing D [REDACTED] initial statement with other investigations officer's observations, it appeared to actually be Xana that was located on the floor of that bedroom and Kaylee was one of the other females located in the third floor room.

I also observed the following vehicles in the gravel parking lot that was immediately north of the 1122 building:

-Silver 2015 Land Rover Range Rover with Washington license plate "[REDACTED]"

registered to J [REDACTED] S [REDACTED].

-Blue 2010 Honda Civic with Arizona license plate "[REDACTED]" registered to J [REDACTED] K [REDACTED].

-White 2014 Chevrolet Cruze with Idaho license plate "[REDACTED]" registered to K [REDACTED] L [REDACTED].

-Red 2011 Jeep Wrangler Unlimited with Washington license plate "[REDACTED]" registered to J [REDACTED] C [REDACTED].

-Black 2017 Ford Explorer with Washington license plate "[REDACTED]" registered to J [REDACTED] C [REDACTED].

I was originally assigned to identify all of the people in the area. However, I was reassigned by Sgt. Gunderson to begin the search warrant application process. I provided the above information in the search warrant application.

At approximately 1628 hours, I returned to 1122 King Road to assist with securing the southwest patio entrance. I took responsibility from Ofc. Warner in documenting who entered and exited the residence. I provided this documentation on a note pad and maintained the log until I was relieved by Ofc. Morris at approximately 1750 hours. The following information is the rear patio entry log from 1517 hours until 2115 hours:
