3. Narrative

On 11/13/2022 at about 1200 hours, I responded to 1122 King Road in reference to possible homicide victims. Ofc. Nunes had arrived on scene and found a total of 4 deceased individuals. Ofc. Nunes informed other units he believed this to be a homicide.

When I arrived I entered the residence and went to the second floor. I observed a female wearing a sweatshirt and underwear laying in middle of the bedroom floor covered in blood. I observed deep lacerations, indicative of defensive wounds, on the female's hands. The female was surrounded by blood on the floor. I observed a male laying on the bed. The male appeared to have suffered from stab wounds and a laceration to the neck. The male was covered in blood and the bedding around him was soaked in blood.

In a third floor bedroom, I observed two females laying in bed which appeared to have been stabbed to death. The female laying on the left half of the bed, as I looked at it from the doorway, was unrecognizable. Her face was completely disfigured and was stabbed several times. I was unable to comprehend exactly what I was looking at while trying to discern the nature of the injuries. The second female, on the right half of the bed, had multiple stab wounds. The comforter was soaked in blood and a pool of blood was still present.

I was assigned to hold security at the rear slider door. This was the alleged point of entry of the suspect. I observed very large footprints in the snow. I used a tape measure and the shoe size measured approximately 13.5 to 14 inches.

The foot steps went to and from the rear slider door. I observed the trail of foot steps head away from the slider then turn right, around a stump, in the back yard and lead toward the front of the house. I observed a set of small hand prints on the window to the east of the slider. The screen to this window appeared damaged and was laying on the ground. I located smudged finger prints on the glass slider door. There was a discarded black backpack in the backyard. I photographed these items and attached them to the case

I maintained rear security until I was relieved by Ofc. Warner. The only person to enter from this point was Captain Lanier at about 1527 hours.
